

Agriplast Ginegar Hole Mulch

Agriplast Ginegar Hole Mulch: 100% virgin LDPE, UV-stabilized, weed-proof. White-Black for summer, Silver-Black for winter. Visit www.agriplastup.com for higher yields and water savings!

Boost Yields with Agriplast Ginegar Hole Mulch

Agriplast Ginegar Hole Mulch offers 100% virgin LDPE with zero light transmission, available in White-Black for hot areas and Silver-Black for winter, featuring 63mm punch holes.

Agriplast Ginegar Hole Mulch, crafted from 100% virgin LDPE, is designed to enhance crop yields and quality. Available in 25, 30, and 50 microns with White-Black for hot climates and Silver-Black for winter planting, it blocks light completely to prevent weed growth and promote white root development. With a UV life of 9 months, this mulch conserves water and improves fruit color. Offered in 1m and 1.2m widths with 63mm punch holes in single, double, or zig-zag patterns, it's a versatile solution for farmers. Visit www.agriplastup.com to optimize your fields today!
