

Agriplast Ginegar Mulch

Agriplast Ginegar Mulch: 100% virgin LDPE, UV-stabilized, weed-proof. White-Black for summer, Silver-Black for winter. Visit www.agriplastup.com for better yields and water conservation!

Optimize Your Crop Yield for Better Growth and Superior Soil Protection

Agriplast Ginegar Mulch, made from 100% virgin LDPE, offers zero light transmission in White-Black for hot areas and Silver-Black for winter, enhancing yields and root growth.

Agriplast Ginegar Mulch, available in stock at Agriplast North, is crafted from 100% virgin LDPE for exceptional performance. With thicknesses of 25, 30, and 50 microns, it features zero light transmission to prevent weeds and boost white root development. Choose White-Black for hot climates above 30-35°C or Silver-Black for cooler winter planting below 30°C. UV-stabilized for 9 months, this mulch conserves water and improves fruit color and yield. Offered in 1m and 1.2m widths and 400m lengths, it's ready for immediate delivery. Visit www.agriplastup.com to enhance your farming today!
