

Agriplast Ginegar Onion/Garlic Mulch

Agriplast Ginegar Onion/Garlic Mulch: 100% virgin LDPE, 4"x4" holes, UV-stabilized. Boosts yield, saves water, stops weeds. Visit www.agriplastup.com for top onion/garlic farming solutions!

Enhance Onion & Garlic Crops with Agriplast Ginegar Mulch

Agriplast Ginegar Onion/Garlic Mulch, made from 100% virgin LDPE, features 4"x4" punch holes with zero light transmission, available in White-Black and Silver-Black for optimal growth.

Agriplast Ginegar Onion/Garlic Mulch is tailored for superior yields and quality in onion and garlic farming. Crafted from 100% virgin LDPE with 25 and 30-micron options, this mulch boasts a UV life of 9 months. Its zero light transmission prevents weed growth and boosts white root development, while conserving water. Available in White-Black and Silver-Black, it features 4"x4" punch holes with 10 holes per line for precise planting. Ideal for farmers seeking eco-friendly solutions, it enhances fruit color and productivity. Visit www.agriplastup.com to elevate your onion and garlic cultivation today!
