

Agriplast Ginegar Orchard Mulch

Agriplast Ginegar Orchard Mulch: UV-stabilized LDPE for orchards. Boosts growth, fruit color, and cuts labor. Visit www.agriplastup.com for pomegranate, guava, and more!

Strengthen Orchards with Agriplast Ginegar Orchard Mulch

Agriplast Ginegar Orchard Mulch, a 100-micron LDPE film, is UV-stabilized for long-lasting use, ideal for pomegranate, guava, banana, grapes, and other orchards, enhancing growth and fruit color.

Agriplast Ginegar Orchard Mulch, available in stock at Agriplast North, is a durable, UV-stabilized LDPE film tailored for orchards like pomegranate, guava, banana, grapes, oranges, and mango. This 100-micron mulch, offered in White-Black and Silver-Black, blocks light transmission to promote white root development and reduce weed-related labor costs. Available in 1.5m and 2m widths and 200m or 300m lengths, it enhances plant growth and fruit color for higher market value. With immediate delivery from Hosur or Ahmedabad, visit www.agriplastup.com to boost your orchard's productivity and sustainability effortlessly!
