

Agriplast Grape Cover

Agriplast Grape Cover: UV-stabilized, tear-resistant, 86% light transmission. Protects vineyards with IR additives, eyelets. Visit www.agriplastup.com for durable soft fruit shielding!

Safeguard Vineyards with Agriplast Grape Cover

Agriplast Grape Cover, a tear-resistant, UV-stabilized woven polyethylene shield, protects vineyards and soft fruits with reinforced edges, eyelets, and IR additives for optimal growth.

Agriplast Grape Cover, available at Agriplast North, is a durable, tear-resistant solution for vineyards and soft fruits. Made from coated woven polyethylene with 140±5 GSM, it offers 86% light transmission and 64% diffusion (matt finish). Featuring reinforced edges with welded ropes, eyelets every 50cm (on request), and IR additives to retain heat during cold nights, this UV-stabilized cover ensures long-lasting protection. Customizable in length and sewable to insect nets, it's in stock for immediate delivery from Hosur or Ahmedabad. Visit www.agriplastup.com to enhance your grape quality and yield today!

Weight(GSM)	140±5
