

# Bluelab® Combo Meter Plus

Bluelab® Combo Meter Plus: Fast pH, conductivity, temperature readings with Leap probe. Portable, no EC calibration. Visit [www.agriplastup.com](http://www.agriplastup.com) for precision!

## Enhance Precision with Bluelab® Combo Meter Plus

Bluelab® Combo Meter Plus, with a toughened Leap pH probe, delivers fast pH, conductivity, and temperature readings in nutrient solutions and root zones across substrates.

The Bluelab® Combo Meter Plus, available at Agriplast North, is an advanced all-in-one meter for pH, conductivity, and temperature measurement. Featuring a detachable Leap pH probe with a toughened spear-tip, it provides quick, accurate readings in nutrient solutions and substrates like soil, Rockwool, and coco coir. With selectable CF, EC, PPM 500, and PPM 700 scales, a backlit LCD, and no calibration needed for conductivity or temperature, this portable, battery-powered (2x AAA) device is perfect for growers. Visit [www.agriplastup.com](http://www.agriplastup.com) to optimize nutrient uptake with this robust tool today!

**4x faster**

pH readings with Leap probe technology

**3x more**

versatility across substrates and solutions

**2x easier**

operation with backlit display and auto-off
