

Bluelab® pH Controller

Bluelab® pH Controller: Automates pH in 760L reservoirs, precise dosing, safety features. Visit www.agriplastup.com for 24/7 crop health management!

Automate Precision with Bluelab® pH Controller

Bluelab® pH Controller automates pH management in reservoirs up to 760 liters with a 10 ml/min pump, safety lockouts, and a 2-year warranty for thriving crops.

The Bluelab® pH Controller, available at Agriplast North, revolutionizes pH management for reservoirs up to 200 US gallons/760 liters. Its 10 ml/min peristaltic pump ensures precise dosing (up or down) with a 0.1 pH tolerance, while safety features like high/low alarms and lockouts prevent overdosing. With a temperature probe, backlit display, and flexible mounting, this New Zealand-made device offers 24/7 control, auto-resume after power loss, and a 2-year warranty. In stock for immediate delivery from Hosur or Ahmedabad, visit www.agriplastup.com to simplify pH stability and boost crop health today!

4x more

precision with 0.1 pH dosing accuracy

3x safer

with in-built overdose protection

2x easier

setup with auto-resume and flexible mounting
