

Bluelab® pH Pen

Bluelab® pH Pen: Waterproof, UV-stabilized, measures pH and temperature for nutrient uptake. Visit www.agriplastup.com for precise crop management!

Master Nutrient Uptake with Bluelab® pH Pen

Bluelab® pH Pen, a compact, waterproof handheld meter, measures pH and temperature with a 30-day calibration indicator, ensuring optimal nutrient uptake for crops.

The Bluelab® pH Pen, available at Agriplast North, is a top-choice handheld meter for precise pH and temperature monitoring. Featuring a fully waterproof design, backlit LCD, and double junction probe, it delivers accurate readings with automatic temperature compensation. Its simple two-point calibration with a 30-day indicator ensures reliability. Ideal for pairing with the Bluelab® Conductivity Pen, this robust tool includes a hold function, low battery alert, auto-off, and a replaceable AAA battery. Visit www.agriplastup.com to optimize nutrient uptake and boost crop health with this essential grower's companion today!

3x more

accurate with double junction probe
