

Bluelab® Truncheon Nutrient Meter

Bluelab® Truncheon Nutrient Meter: Waterproof, no calibration, measures EC, CF, PPM. Ensure nutrient precision. Visit www.agriplastup.com for this reliable grower's tool!

Optimize Nutrient Levels with Bluelab® Truncheon Nutrient Meter

Bluelab® Truncheon Nutrient Meter, a fully waterproof, factory-calibrated tool, measures EC, CF, PPM 500, and PPM 700 with auto-compensated readings for precise nutrient monitoring.

The Bluelab® Truncheon Nutrient Meter, available at Agriplast North, is a grower's essential for tracking nutrient levels. This 40cm, battery-operated (3x AA included) device displays EC, CF, PPM 500, and PPM 700 on a single line with flashing lights, auto-compensated by an integrated temperature sensor. Fully waterproof and requiring no calibration, it's perfect for mixing and measuring in reservoirs. The Commercial version offers a higher conductivity range. In stock for immediate delivery from Hosur or Ahmedabad, visit www.agriplastup.com to ensure your plants get the nutrients they need with this reliable, tough meter!

3x easier

nutrient monitoring with auto on/off

4x more
