Revolutionize Irrigation with EBB & Flow System

Agriplast EBB & Flow System, a smart irrigation solution, saves 70% water, ensures uniform growth, and reduces costs for international-quality crops.

Agriplast EBB & Flow System, available at Agriplast North, is a smart irrigation innovation designed to transform farming efficiency. Measuring 10 feet long and 1.5 or 4 feet wide, this 10-12 kg system saves up to 70% irrigation water while delivering high, uniform growth for top-quality output. By cutting input and labor costs, it's ideal for growers aiming for international standards. In stock for immediate delivery from Hosur or Ahmedabad, this system optimizes resources and boosts productivity. Visit www.agriplastup.com to adopt this cost-effective, water-saving solution for your crops today!
