

SombraSol Liquid Shading

SombraSol: Liquid shading for greenhouses, 65% shade, heat-reflective, 4-month durability. Safe and easy to apply. Visit www.agriplastup.com for crop protection now!

Shield Crops with SombraSol Liquid Shading

SombraSol, a liquid shading solution for greenhouses, offers up to 65% shade, heat reflection, and 4-month water resistance, protecting crops from excess solar radiation.

SombraSol, available at Agriplast North, is a cutting-edge liquid shading solution for greenhouse films. This 20-liter product provides up to 65% shading, reflecting heat to protect crops from excess solar radiation while increasing light transmission when wet. Easy to apply with a sprayer and water-resistant for up to 4 months, it's safe for humans, crops, and the environment. Available in heavy (65%), normal (50%), and light (30%) shading options, it requires just one coat per season. In stock for immediate delivery from Hosur or Ahmedabad, visit www.agriplastup.com to optimize your greenhouse today!

Effect	Per ha/acre	Shading	Wear Resistance	Water dilution/bucket(L)
